THE THIRD RUNG · the twin word

Every table cell and every survivor-set transition above is evaluated inside the proof checker; the figure exhibits the proof.

scm_cycle_base · scm_cycle_anchored · scm_cycle_certified · scmL3_interventional_dark · scmL3_twin_separates · scmL3_twin_answers
(the first three and the collapse are axiom-free or propositional-extensionality only)
